

# YEAR 9 PATHWAYS INFORMATION

2023

Pathways

# TERMINOLOGY

Pathway – Pupils are placed on a Pathway that is based on target grades, prior attainment, current working grades

Options – All pupils can choose at least one option subjects based on their interests. The majority of pupils have one option due to us being a Catholic school and one option block is taken up studying RE.

# ENGLISH BACCALAUREATE

*We are committed to ensuring that most pupils complete the EBacc, following government guidance most of our pupils will complete this. Having a language at GCSE will open doors to college places, university places and beyond. This was clearly communicated when you started Newman in 2020*

- *Maths*
- *English*
- *Science*
- *History or Geography*
- *Language*

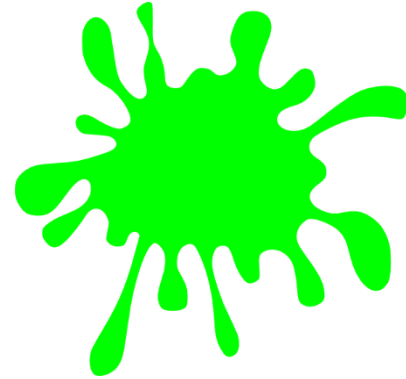

# HOW DO WE DETERMINE PATHWAYS?

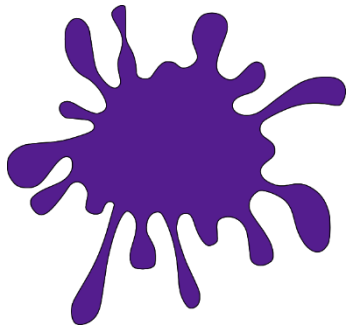

At Newman we have 4 different pathways.

Scholar  
Pathway

Open  
Pathway
