Emergency Evacuation Procedure 2023/24

Purpose of the policy

This policy details how Saint John Henry Newman Catholic College deals with an emergency evacuation of the exam room(s) by defining staff roles and responsibilities and confirming the emergency evacuation procedure.

When is an emergency evacuation required?

An emergency evacuation is required where it is unsafe for candidates to remain in the exam room. This might include a fire in the exam room, the fire alarm sounding to warn of fire, bomb alert or other serious threats.

In exceptional situations, where candidates might be severely disadvantaged or distressed by remaining in the exam room, the emergency evacuation procedure may also need to be followed. This might include situations where there is severe disruption in the exam room, serious illness of a candidate or invigilator or similarly serious incidents.

As each incident may be different, advice will be sought from the relevant awarding body as soon as it is safe to do so, particularly where the centre is concerned about the security of the examination(s). (ICE 25.6)

Where candidates are unable to return to the building to complete the examination, the relevant awarding body will be contacted immediately for advice. Candidates are to remain supervised at all times. (ICE 25.6)

Bomb Alert

Any other emergency which requires an evacuation of an exams room

Invigilators at Newman Catholic College have been trained in this procedure and understand that they **must** take the following action (in accordance with JCQ ICE regulation 18: Emergencies)

- 1. Stop the candidates from writing.**
- 2. Collect the attendance register (in order to ensure all candidates are present).**

- 5. Ensure all candidates leave all question papers and scripts in the examination room.**
- 6. Inform candidates they must leave the room in silence and remain in silence throughout the evacuation procedure.**

- 9. Make a note of the time of the interruption and how long it lasted.**

- 11. Make notes of the incident to enable the Exams Officer to produce a full report of the incident and of the action taken to be forwarded to the relevant awarding body.**

In the event of a fire alarm at Saint John Henry Newman Catholic College during exams the instruction is:

All candidates in the main examination rooms (Sports Hall, Performance Hall and Dance Studio) are to remain and await further instructions from a member of the Senior Leadership Team or the Examinations Officer. If candidates are in imminent danger, then the Lead Invigilator can start the evacuation process before a member of SLT arrive. The time that the examination stopped will be noted and any time taken will be added to the end of the examination and a report submitted to the relevant examination board. Those candidates that are in offices will evacuate their rooms via the nearest exit and assemble outside the building under the supervision of the Examinations Officer. Once the building has been assessed by Fire Crew and given the 'all-clear' these candidates will be directed back to their rooms for the examination to continue with any time taken being added to the end of the examination. In the event that the building needs to be fully evacuated, a Tannoy message will be delivered by the Headteacher, and the Senior Leadership Team will assist the Invigilation Team in maintaining exam conditions at the relevant assembly points.
